Would Our Family Do Well In Family Lessons??

1. Family Lessons are for families who have water shy children. Maybe they don't like to put their face in the water. These lessons allow you to help your child learn swimming skills at their pace and parental support will help them strive in the learning process.
2. Family Lessons are for families who have adults who don't know how to swim the best themselves but want to learn some of the basics in a relaxed setting.
3. Family Lessons are for families who want to spend more time together and learn a new skill together.

****THERE MUST BE AT LEAST ONE ADULT IN THE WATER AND MUST BE COMFORTABLE WATCHING THE NUMBER OF CHILDREN WITH THEM****
